WGGC - Slow Play Notice

1. Upon starting your round, you will have teed off behind another group as soon as they hit their second shot and walk away. **This gap should be maintained throughout the round.** If you find yourself falling behind, it is your group's responsibility to catch back up.
2. The position of the group behind you is of no importance. **Your position is monitored by your position to the group in front of you.**
3. If you are not able to keep pace with the group in front of you and the group behind are on your tail, **the only alternative is to let them play through.** If your group is slow then you shouldn't allow this to slow down all behind you.
4. Searching for golf balls during a round is an unavoidable occurrence. **Please keep your ball-hunting time to a minimum** as the group behind you may be waiting and the gap between you and the group ahead may be increasing. In this case, **you are expected to catch back up to the group in front of you.**
5. To save time, **players in a group should be ready to hit their next shot instead of watching each player hit before walking to their ball.** Surprisingly, this will save more time than you would think and will maintain a steadier pace of play.
6. When reaching the green, **think about where the next tee is and position your bag/trolley/buggy accordingly.** Leaving your clubs at the front of the green slows the game down more than you might think.
7. **Please record your scores for a hole on the next tee block.** Recording your scores on the green while a group is waiting to hit into that green will only slow down the pace of play.
