Roda Golf Course is constructed within an excellent 18-hole, par 72 golf course exclusively designed by Dave Thomas, one of the most prestigious European golf designers. The layout was created by combining different environments and working for a total adaptation to the Mediterranean landscape and vegetation. Dave is rightly proud of his creation and has cleverly shaped the previously flat landscape into an interesting and undulating golfing terrain that is pleasing to the eye and provides an interesting and challenging test of golf. The design incorporates 3 strategically located lakes and a great deal of emphasis has also been placed on integrated tree planting and landscaping.

# Hacienda Riquelme

23 mins 28KM from Hotel 525

**Hotel Pickup: 11:30**

**Friday September 6<sup>th</sup> FTT: 13:06**

Hacienda Riquelme Golf, a medium-length, par-71 golf course, is situated in a beautiful natural desert valley. The golf course is routed in a 'core' format that groups several holes together while keeping the surrounding development on the perimeter. This means many holes border other golf holes and not houses, creating a more open and natural golf experience. Rather than length, the course relies on numerous subtle strategic elements to challenge golfers.

The course features numerous "crowned" greens surrounded by large mown chipping areas. This design feature presents players with numerous interesting short-game options around the greens and imaginative shot-making will be rewarded. The course features clusters of smaller, more subtly shaped bunkers. Moreover, it takes full advantage of its desert setting with numerous holes playing adjacent to naturally existing rock-outcroppings and ridges. Complemented with a number of water features, including two lakes and two elaborate stream and waterfall systems.

# Las Colinas Golf & Country Club

27 mins 30KM from Hotel 525

**Hotel Pickup: 11:30**

**Saturday September 7<sup>th</sup> FTT: 13:00**

The golf course extends across the valley between the hills, adapts to the unusual lie of the land and blends naturally into the landscape. The width of its fairways, the design of its extensive undulating greens, and the numerous tees at each hole give it great versatility and mean that it is suitable for professional competitions, while also offering any player a pleasant, enjoyable and affordable game
